

Room At The Inn

Room At The Inn is a 501(c)3 non-profit Catholic agency which is accredited by the Council on Accreditation.

Mission Statement

Responding to the call of Christ to nurture life, Room At The Inn operates housing and programs for homeless, single, pregnant women and single mothers with children offering them opportunities to have new lives of healthy, hope-filled independence.

Programs Offered by Room At The Inn

Transitioning from dependency and hopelessness is a difficult process for anyone, especially for someone about to become a new mother. Room At The Inn offers a variety of programs designed to help these young women develop the skills necessary to successfully meet their own goals and aspirations.

The Mary C. Nussbaum Maternity Home: Licensed by the Department of NC Health and Human Services to provide residential maternity care, the Mary C. Nussbaum Maternity Home provides shelter, food, clothing, transportation, case management and life skills education in a structured environment. Located in Greensboro, NC, the home provides services to homeless, pregnant NC residents of any age. Clients may have other children.

College Program (Supported Community Living Services): Graduates of the maternity home programs who want to enter or return to college are eligible for our Supported Community Living Services for Single Mothers Attending College. In addition to housing, we provide case management, child development services, financial/material assistance, and tutoring/life skills education. Residential services are provided at the following facilities at Amy's House in Greensboro, NC, (adjacent to the maternity home) and The Back Yard Ministry of the Cherry Street United Methodist Church in Kernersville, NC.

Maternal/Infant/Child Healthcare Program: Access to both pre-natal and post-natal healthcare are essential for pregnant women and new mothers. Infants and toddlers require proper check-ups and healthcare. A significant number of our clients suffer from substance abuse and/or mental health issues and need suitable treatment and counseling. Additionally, our maternity home programs provide life-skills education related to healthy living, proper nutrition for the women and children and a safe, nurturing place to heal both the body and the soul. The maternity home program provides transportation to school, vocational programs, and work. The life-skills classes are provided on site at the maternity home and include topics such as budgeting, job searching/interviewing, household management, handling credit, time management, and other topics.

Pratt Proverbs 31 Formation Program: Residents in the maternity home programs are invited to participate in this spiritual and character development program. Participants get involved in the faith community of their choice and/or suitable volunteer programs that allow them to grow spiritually as responsible, caring women. **Participation is completely voluntary, and no client is denied other services for declining to participate in this program.**

Aftercare Program: The graduates of our programs continue to be an important part of our family after the birth of their children. Quarterly alumni meetings are conducted at the maternity home. Clients are eligible for material assistance and counseling after the birth of their children for as long as they need help.
